

Second Annual
**Southeastern
Intentional
Grandparenting
Conference**

April 28-29, 2023
St. Paul's, Summerville, SC

THE NEED:

More than thirty-million Christian grandparents live in the United States today. Each one has an incredible potential—second only to the parents—to influence their grandchildren for Christ. Despite this potential, grandparents are one of the most underserved groups in the church. This results in a host of grandparents who feel ill-equipped to pass their faith to future generations.

THE SOLUTION:

The Southeastern Intentional Grandparenting Conference is designed to inspire and equip grandparents to pass a legacy of faith to future generations. --Psalm 78:1-8

WHEN: April 28-29, 2023
Starting at 7:00PM

WHERE: St. Paul's Anglican
316 West Carolina Avenue
Summerville, SC 29483

General Sessions Speakers include Dr. Larry McCall, Sharon Gamble, and Dr. Josh Mulvihill. This conference also features workshops with speakers from around the country.
