

Paul's second letter to Timothy was the apostle's last letter he ever wrote. Chapter 4 of 2<sup>nd</sup> Timothy is like Paul's Last Will & Testament. In it, Paul assures Timothy that he has finished the race of life well, and Paul encourages Timothy to do the same. Paul also asks Timothy to take care of some personal business for him before Paul's time ran out.

Our time in this life runs out for each of us, but like Paul, we can finish well. One of the best ways to finish life well and bless our families is to prepare a will and to make funeral arrangements before we die. In this **half-day workshop**, participants will learn the basics of preparing a Last Will & Testament in the state of South Carolina, making funeral arrangements, and planning their funeral service.
